1. CHAIRMAN'S ANNOUNCEMENTS

It was noted that Councillor Bevan Hubery had resigned from Godstone Parish Council. No replacement had been identified to date. Councillor John Johnson sent his apologies and Philip Hanson stood in as deputy.

It was brought to the attention of the Committee that the under section 3 (2) of the RACC Constitution

“Each Body shall be entitled to appoint a Deputy for each of their members and such Deputy shall be entitled to attend meetings of the Committee in the event of the appointed member being unable to attend and have the right to take full part in the meeting. The Deputy may also attend meetings of the Committee as an observer when the appointed Member is present. In these circumstances the Deputy has no right to take part in the meeting.”

The Committee noted the point.

2. MINUTES OF THE MEETING HELD ON THE 10TH JANUARY 2018

The Minutes of the meeting held on the 10th January 2018 were agreed, following a discussion surrounding the planning application for the work on the taxiway and the refusal from both Local Authorities (see Minute 5 below).

3. MATTERS ARISING FROM THE PREVIOUS MINUTES

Residents Meeting with NPAS and Air Ambulance

At its meeting on the 13th September and 10th January an action was agreed to arrange a meeting between helicopter pilots/users and affected residents. Cllr John Johnson had asked for an update on when this meeting would take place. Mr Wright confirmed that a meeting had been arranged for 26th May 2018.

4. MONITORING REPORTS FROM REDHILL AERODROME

Reports for the period January 2018 to March 2018 were submitted regarding:

- (i) aircraft movements
- (ii) movements outside Air Traffic Control (ATC) hours
- (iii) complaints (0) about fixed wing aircraft overflying properties
- (iv) complaints (4) about helicopters overflying properties.

*** The statistics were reported into monthly figures, as previously requested. These reports were circulated with the Agenda and included as a separate document to these minutes.

5. PLANNING APPLICATION UPDATES

The Planning Application for works that had been carried out in 2015 to a section of the southern taxiway, were again discussed. Mike Murray confirmed that the planning application was refused by Reigate & Banstead Planning Committee on 4th October 2017 and Tandridge District Council on the 26th January 2018. He confirmed that the Aerodrome had not appealed and were considering the options of what to do.

When asked when the timeline for appealing expired, Mike Murray did not have the exact dates to hand as each authority had different dates, however, it was explained that it was Public information so could be looked up.

Mr. Lindsay explained that there were no further planning applications with either Authority however they would be looking at temporary structures. He went on to explain that Phoenix House should start to come into use by the end of May. It was hoped that it would have Building Control sign off and tenants in by the end of the year.

Councillor Vickers asked if all the Aerodrome buildings were at full capacity and in use. Mr Lindsay explained that not all, due to the old buildings being out of date and due to the new

Energy Performance regulations, some buildings may not be in a position to be rented out as they would not meet the criteria for legally renting out, without serious investment.

In response to a question he explained that Hangar 1-3 (previous Tenants Brake Brothers) was rented out to Tenants, 'Ace Hygiene'.

Mike Murray gave an update on the proposed Garden Village and explained that Thakeham promotion continued. There were no further updates from the vision statement. Seven Parish meetings had taken place, contacts had taken place with eight Parish Clerks, however Crowhurst, Lingfield and Oxted had not made contact.

6. REVIEW OF DRAFT 2017/2018 ANNUAL REPORT

A draft copy of the report had been circulated to Members.

Amendments were suggested with regards to the date Ann Bartaby stepped down and a paragraph within section 2 – “Progress and activities of the Aerodrome”.

Following some debate the below wording was agreed:

“In 2015 works were been carried out to a section of the southern taxiway which is in both Reigate & Banstead and Tandridge administrative areas. The Aerodrome considered that these works were permitted development. The councils disagreed. The aerodrome submitted applications for both certificates of lawful use and retrospective planning applications to both councils while maintaining their view that the work was permitted development. The planning application was refused by Reigate & Banstead Planning Committee on 4th October 2017 and the applicant's agent, Terrence O'Rourke, was informed of this in a letter dated 16th October 2017. Tandridge District Council refused the application 26th January 2018”.

7. ANY OTHER BUSINESS

Financial Viability of the Aerodrome

At the meeting on the 10th January, Mr. Lindsay was asked if the Aerodrome was making a profit, to which he acknowledged that significant investment had been spent on improving the site, but concluded that it was making a profit.

Mr Lindsay went on to explain that on the 10th January, he had been very new to the organisation and apologised as he was mistaken in making the informal observation. Since January he has spent time reviewing the accounts and concluded that there were viability issues. He stated that there had been significant investment in the Aerodrome by investors.

Paul Murray stated that the Committee had on numerous occasions asked RAVL to provide evidence to support the statement that the Aerodrome was not viable. Mike Murray responded that the statutory accounts were available via Companies House as a Public record, however noted that the request had been made.

RAL – Planning matters

Mr. Hoskins asked for clarification on Mr. Mike Murray's position within RAVL. In response Mr. Murray explained that this had been covered in previous meetings and stated that he was a development consultant to RAVL, and would advise RAL on planning matters.

CAA Licence

Paul Murray asked a question with regards to the CAA Licence. Philip Wright explained that the Licence application was held in the name of RAL not in an individual's name, however Mr. Lindsay would be a named person on the application.

8. DATE OF FUTURE MEETINGS

Future meetings (all commencing at 10.00am) were scheduled as follows:

Ordinary meetings

Wednesday 19th September 2018

Annual Meeting

Saturday 9th June 2018 at 10.00am – Redhill Aerodrome Business Centre

Macknon, Noel Miller, Val Murray, Phil Petitt, E Rehbein, Cllr. Kent Sandiford, Liz Sherlock, D. Taylor, J. Taylor, Moira Taylor, Val Watts, Sue Wancham, S. Woodroof

*Based on the signed attendance sheet.

1. INTRODUCTION BY THE CHAIRMAN

The Chairman welcomed everyone to the meeting and thanked them for their attendance. He introduced the panel and thanked Bletchingley Village Hall for accommodating the Committee at such short notice.

The Chairman advised that the annual report had been circulated and any questions would be addressed under item 4 of the agenda.

2. ADDRESS BY MIKE MURRAY, REDHILL AERODROME VENTURES LIMITED

Mr Murray again thanked Bletchingley Village Hall for hiring the hall to the Committee. He structured his address into two parts; Aviation activity (Air-side) and Land developments (Land-side):

Air-side

- Business continued to be stable
- Police and Air Ambulance continue to operate at Redhill and are looking to increase their activity
- In light of the proposed changes at Biggin Hill Airport – some interest had been received from businesses.
- The Planning application to carry out improvements to the southern taxiway had been refused by both Reigate & Banstead and Tandridge District Council.

Dialogue with the authorities continued and discussions on options would be taking place.

Land-side

- Improvement works had and continue to take place on the aging estate to modernise and bring buildings up to standard.
- From Mid-July a new driving test centre (Driver and Vehicle Standards Agency) will be based on the site.
- The re-build of the New Main block is near completion, re-named 'Phoenix House'. All but two spaces had been leased.
- Thakeham Homes continued to promote the site for development – Rob Boughton from Thakeham was in attendance and would answer any questions put to him.

A full account of Mr Murray's statement can be found at **Appendix 'A'** (page 6)

3. ADDRESS FROM PARISH COUNCILLOR WAYNE CLARK – SALFORDS AND SIDLOW PARISH COUNCIL (REPRESENTING LOCAL RESIDENTS)

Councillor Clark introduced himself and explained his reasons for becoming a Parish Councillor. He stated that he believed in serving the community and was passionate about the Green Belt.

He explained that through his work on the RACC committee that he had learnt that it was not just Salfords and Sidlow Parish Council who were opposed to houses being built on the Aerodrome but all other Parish Councils.

He questioned the need for housing and suggested the main reasons for homelessness in the area was those people who had become homeless through neglect, drug/alcohol misuse or mental illness. He continued by stating that most developers want to build four and five bedroom houses not 1 & 2 affordable homes.

He stated that most local residents were supportive of the Aerodrome, but appreciated that some complaints were received regarding the noise of the aircraft. He ran through the benefits to the local community in that it contributed to the local economy and employed approx. 450 staff.

He summarised in asking residents to support the growth of the Aerodrome business and promote the benefits of it to the local community in an attempt to prevent any future development.

4. QUESTIONS / VIEWS FROM MEMBERS OF THE PUBLIC

	Questions / views from the audience	Responses (Mike Murray , Philip Wright and Rob Boughton)
1.	Cllr Vickers – Is ‘Chef on the road’ returning to the Phoenix Building?	Not at the moment. One catering provision is sufficient for the needs of the Aerodrome at the moment.
2.	Paul Murray – What proactive steps has the Aerodrome taken to actually build on the potential opportunities	Some Interest has been received from Aviation operators. We have reminded operators and the community that we are here.
3.	Aerodrome user – In relation to the above question, if the Aerodrome doesn’t have sufficient hangarage, it would not be in apposition to accommodate additional aircraft operators from Biggin Hill.	New development to accommodate more hangarage is something we are looking to explore.
4.	<p>Paul Murray - What is plan ‘B’ if the site is not chosen for development. How are you going to increase revenue?</p> <p>Mr Murray stated that he did not accept that the Aerodrome was unviable as no proof had ever been provided despite numerous requests.</p> <p>What is the motivation to invest so much from shareholders if they continued to suffer ongoing losses?</p>	<p>We are offering new leases for new tenants in line with other airfields however there is not enough room at present for more aviation hangars.</p> <p>Accounts are available from Companies house</p> <p>Mr Mike Murray explained that over two million investment has been made from shareholders over the years. He explained that shareholders had never taken a dividend but longer term this was not sustainable and this remained unviable. They had to look at the long term and the decision was made to follow up the development opportunity.</p>

	Questions / views from the audience	Responses (Mike Murray , Philip Wright and Rob Boughton)
5.	John Gilbert – would the present owners be prepared to sell the Aerodrome?	Not in a position to say as it would be up to the Shareholders but can take your details and set up a meeting.
6.	Peter Forbes – A lot of money has been spent on the Aerodrome. Where are the accounts published and when? What is the asset value on the accounts and how is it calculated?	As mentioned the accounts are made Public via Companies House. Not all investment has been spent on planning applications significant investment has been made on safety improvements and modernisations such as new fuel tanks and a bowser. Surface improvements to hard standing, and lighting upgrades. -
7.	Jim Blackmore – What are you going to do about the Planning application to carry out improvements to the southern taxiway which has been refused by the planning authorities?	Continue to explore options with both authorities
8.	Mrs Butler – Nutfield Park resident. Can you ask the Emergency services to be more considerate to local residents when returning from a 'shout'. It was acknowledged the importance of the work they do but the disturbance from the lights and noise was considered unnecessary.	Philip Wright – It was explained that a recent residents meeting with the helicopter pilots had been successful. He suggested that another meeting would be arranged and that Mrs Butler would be invited to attend.
9.	A question was raised regarding the improvements made to the taxiway.	In response, Cllr Clark explained that when expressing his support for the Greenbelt he was gaging the temperature for the residents in his Parish. He was acting on their behalf.
10.	Cllr Vickers asked what the plan would be if Redhill was not chosen to be the Garden Village. Was an appeal likely?	Rob Boughton – Thakeham The local Authority has to go through the plan making process. We are not in a position to appeal.
11.	A question was raised as to why the Aerodrome was	Philip Wright explained that there was no aviation access to these hangars

	Questions / views from the audience	Responses (Mike Murray , Philip Wright and Rob Boughton)
	letting non- aviation hangars when there was a shortage of hangarage.	

5. CLOSING REMARKS

The Chairman expressed thanks to the Consultative Committee for their support over the year and to Julie Porter who provided administrative services to the Committee on behalf of Tandridge District Council.

He closed the meeting at 10.58a.m.

To Agenda item 2

SMALL UNMANNED AIRCRAFT (DRONES)

On 30 May 2018, the United Kingdom Government published an amendment to the Air Navigation Order 2016 (ANO) which contains its changes to the legislation regarding the operation of Small Unmanned Aircraft¹ (SUA). The amendment is published as Statutory Instruction (SI) 2018 No.623, entitled 'The Air Navigation (Amendment) Order 2018'. This can be found at <http://www.legislation.gov.uk/uksi/2018/623/made>.²

Changes made from 30 July 2018:

- A 400ft operating height limitation for all SUA.
- A new limitation on the closest distance that small unmanned aircraft weighing 7kg or less may be flown near specific types of aerodrome.

The recent increase of casual SUA users on South Nutfield's recreational field is disconcerting. Six SUA users have been witnessed in the past year alone with a couple crash landing into bordering gardens. At approximately 12.30pm on the 1 September 2018 a Tiger Moth was witnessed at an approximate height of 300ft approaching Redhill Aerodrome flying from East to West across the recreational field before turning south to land on Runway 18.

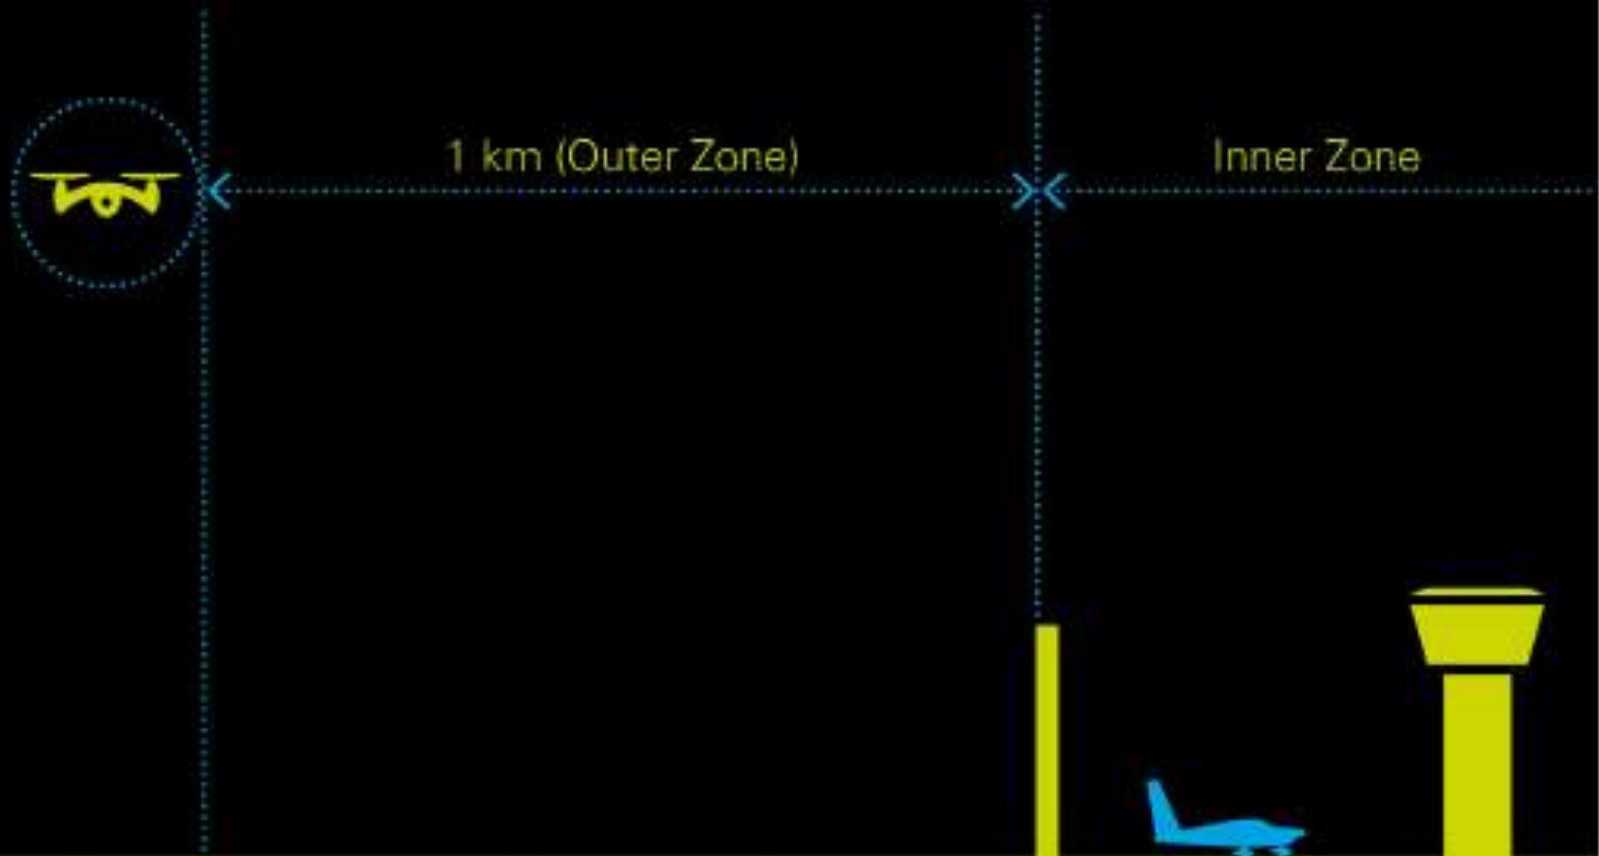

The following pictures highlight the changes to the legislation:

- Picture 1 – Small Unmanned Aircraft Flight Restriction Zones
- Picture 2 – Small Unmanned Aircraft Flight Height Restriction
- Picture 3 – Redhill Aerodrome Boundary.
- Picture 4 – OS Map 146 Dorking, Box Hill & Reigate with additional overlay demonstrating South Nutfield recreational field within 1km of Redhill Aerodrome.

With this information, it is highly recommended that signs are displayed at the entrance to South Nutfield recreational field providing clear instruction forbidding use of SUA. Failure of displaying signs and instructions will lead to law breaking through Council negligence.

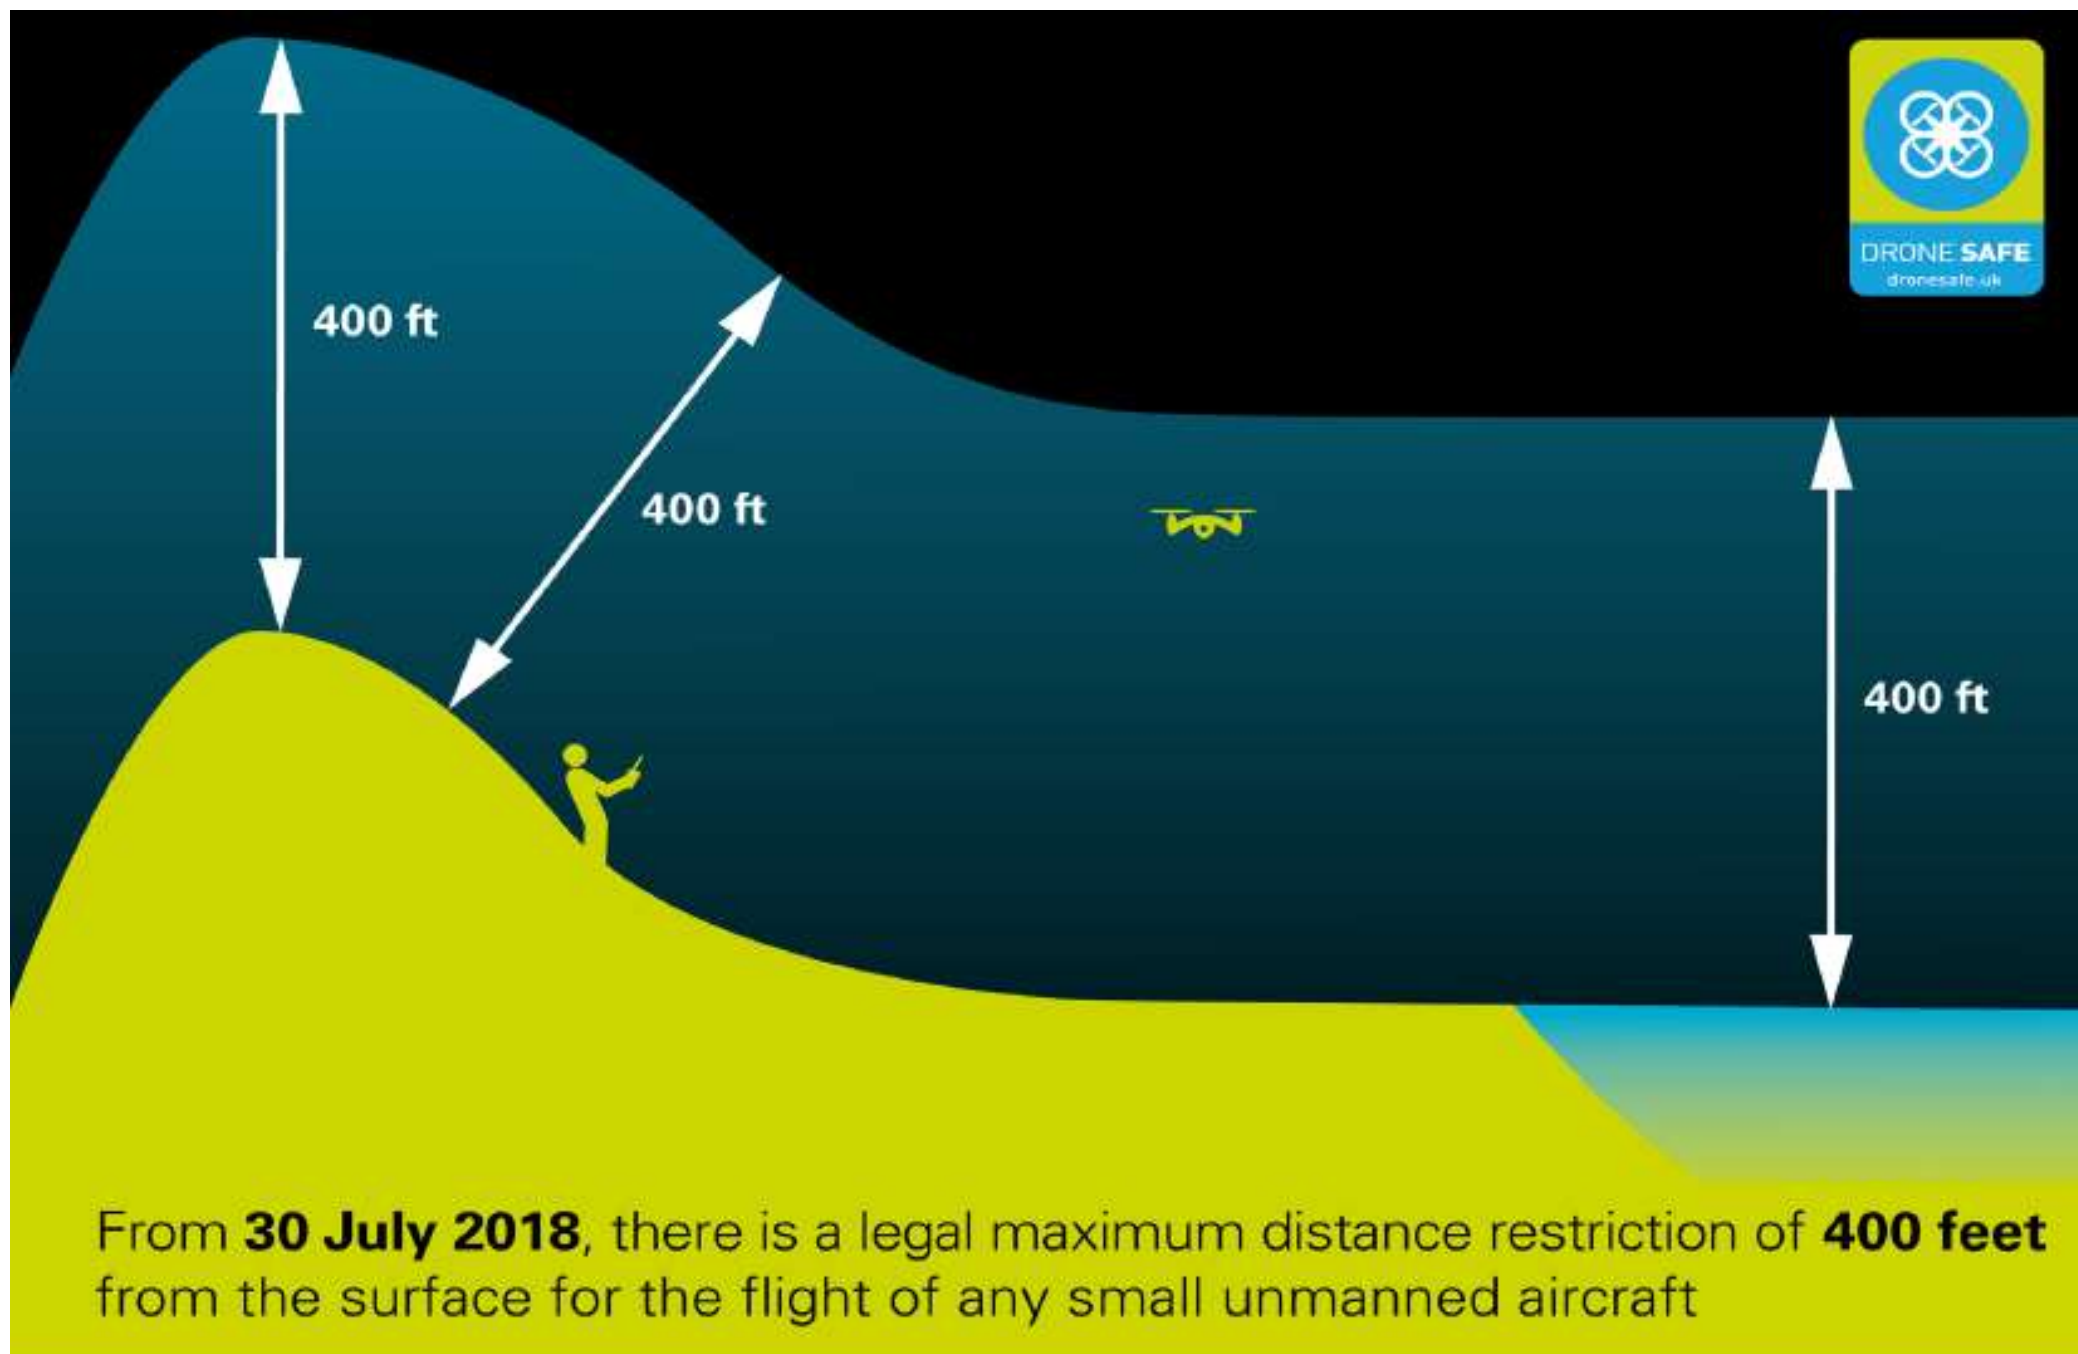

1. Small unmanned aircraft means any unmanned aircraft, other than a balloon or a kite, having a mass of not more than 20kg without its fuel but including any articles or equipment installed in or attached to the aircraft at the commencement of its flight.
2. Air Navigation (Amendment) Order 2018 – Guidance for small unmanned aircraft users.

Keep out of the flight restriction zone of a protected aerodrome

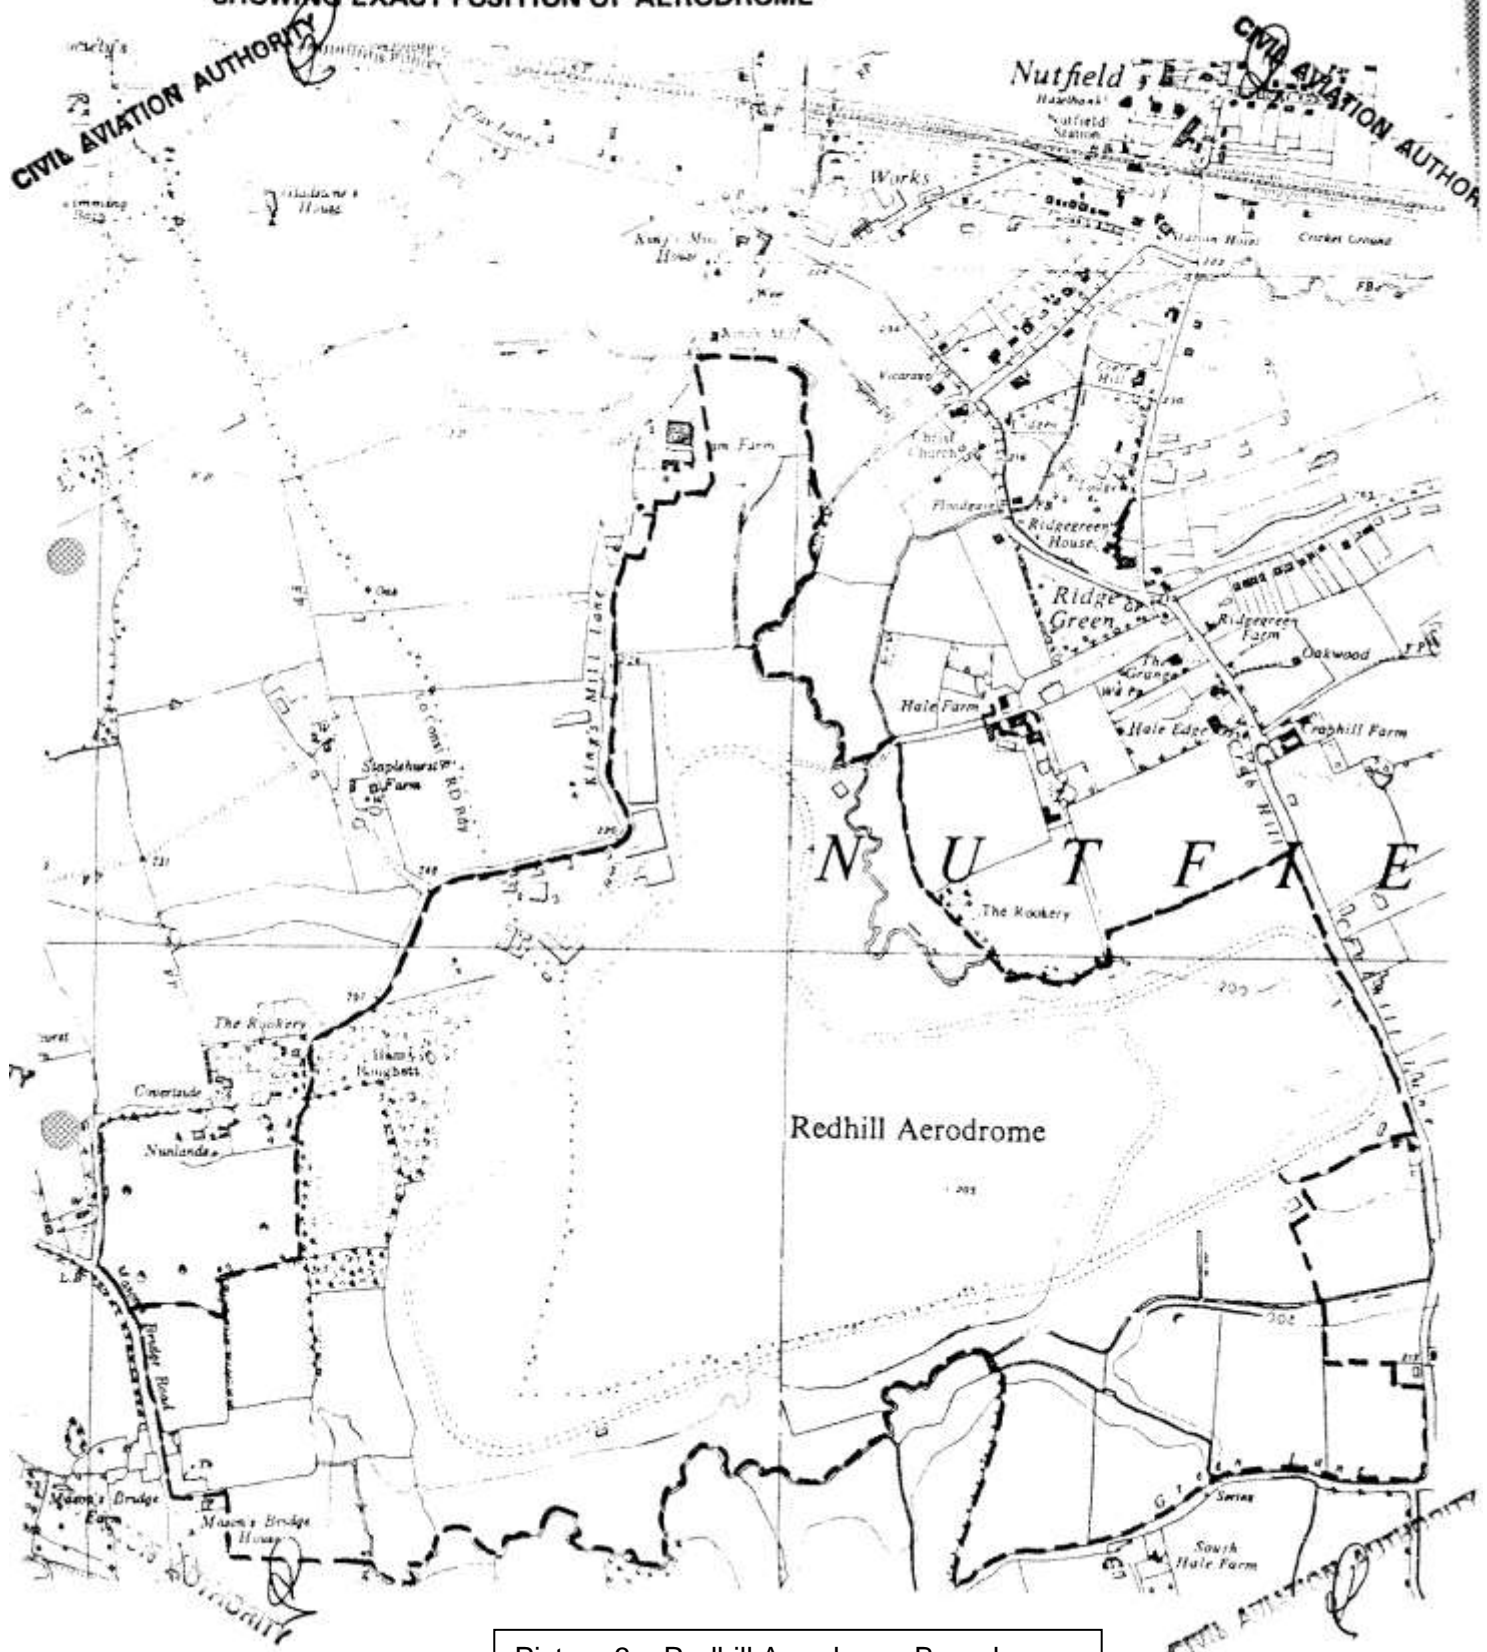

Inner Zone – **the area over the aerodrome up to the boundary**
Outer Zone – **1 km from the aerodrome boundary**

FW11/18 and 12/18	<p>Complainant: Mr B Location: Shocks Green Cottage, South Nutfield Complaint: 06 July 1116 and 1118 hours. Fixed-wing overflying property.</p>	<p>Runway: 26L FW Movements: 177 Total Movements: 231</p>	<p>This complaint relates to fixed-wing aircraft departing from Rwy 26L. Complainant states they are constantly overflying his property. The house is approximately 650m from the end of 26L and approximately 230m from the northern edge of the runway. Aircraft departing will, especially if drift is not corrected, fly very close. See attached diagram.</p> <p>Complainant has previously made telephone calls to ATC and has been told to desist as these are distracting to ATCOs.</p> <p>Complainant telephoned by SATCO and, during a 30 minute phone call, the operation of light aircraft/flight rules explained. Complainant told to use Noise Line or email and not to phone ATC. Complainant refused to accept the explanation. Follow up letter to be sent.</p>
FW13/18	<p>Complainant: Mrs A Location: South Hale, South Nutfield Complaint: 20 July 1720 hours. Fixed-wing overflying property.</p>	<p>Runway: 18 FW Movements: 166 Total Movements: 220</p>	<p>This complaint relates to fixed-wing operating within the Rwy 18/36 visual circuit. The complainant resides within the ATZ and within the visual circuit pattern. Aircraft will fly close to or overfly this location to avoid going too close to the southern ATZ boundary and setting off a CAIT alert at Gatwick TC. No further action.</p> <p>Note: CAIT = Controlled Airspace Infringement Tool.</p>
